## Inrodução à Associação das Indústrias de Eletrodomésticos de Hong Kong (HKEAIA)

A Associação das Indústrias de Eletrodomésticos de Hong Kong foi fundada em julho de 1998 como uma organização sem fins lucrativos. Antes conhecida como Associação dos Fabricantes de Eletrodomésticos de Hong Kong, atualmente possui mais de 200 membros e é um órgão representativo da indústria de eletrodomésticos de Hong Kong.

Nosso objetivo é promover o desenvolvimento da indústria como um todo:

- melhorando a comunicação, a interação e a cooperação entre os membros;
- estabelecendo a conexão das opiniões coletivas com os órgãos governamentais, organizações industriais ou comerciais, de modo a atender ao interesse da indústria de eletrodomésticos de Hong Kong;
- contribuindo para melhorar os níveis de engenharia, de técnicas, de gestão e de marketing da indústria de eletrodomésticos de Hong Kong, com a finalidade de aperfeiçoar seu desempenho e aumentar sua competitividade no mercado internacional;
- organizando e patrocinando atividades relacionadas para o desenvolvimento da indústria de eletrodomésticos de Hong Kong;
- estabelecendo contatos e plataformas para os membros desenvolverem relações comerciais com compradores locais e no exterior e potenciais parceiros de *joint-ventures*;
- ajudando a construir e a melhorar a reputação e a imagem da indústria de eletrodomésticos de Hong Kong, de modo a atrair talentos para contribuírem e crescerem com a indústria.

## Introduction of Hong Kong Electrical Appliance Industries Association (HKEAIA)

Hong Kong Electrical Appliance Industries Association was established in July 1998 as a non-profit-making organization (Formerly known as Hong Kong Electrical Appliances Manufacturers Association). We have more than 200 members at present, and are a representative body of Hong Kong's electrical appliance industry.

Our objectives are to improve the industry as a whole by

- Enhancing the communication, interaction and co-operation among members
- Establishing liaison with and conveying the collective opinions to government bodies, industrial or trade organizations so as to serve the interest of Hong Kong electrical appliance industry
- Helping to upgrade Hong Kong electrical appliance industry' levels of engineering, technical, management and marketing skills in order to improve its performance and enhance its competitiveness in the international market
- Organizing and sponsoring related activities for the development of Hong Kong electrical appliance industry
- Establishing contacts and platforms for members to develop business relationships with overseas and local buyers and potential joint-venture partners
- Helping to build and enhance the reputation and image of Hong Kong electrical appliance industry so as to attract talent to join and grow with the industry

## Introdução ao Projeto

Os fabricantes de eletrodomésticos de Hong Kong têm desempenhado um papel significativo em OEM e ODM no mercado mundial. Fabricamos produtos para marcas de renome dos EUA, Europa e Japão. Somos, também, parceiros do ODM de algumas marcas globais.

Para ampliar o alcance dos eletrodomésticos de Hong Kong nos novos mercados emergentes, a HKEAIA utilizou com sucesso o fundo de desenvolvimento de PMEs da HKSAR. Este projeto visa promover as marcas de eletrodomésticos de Hong Kong, os fabricantes de eletrodomésticos e explorar novas oportunidades de negócios. A HKEAIA uniu os fabricantes para expressar a imagem coletiva de design inteligente, alta tecnologia e alta qualidade de marcas dos eletrodomésticos de Hong Kong para os mercados.

No âmbito do projeto, a HKEAIA organizou visitas a três grandes países emergentes, incluindo a Polônia, na Europa Central (China Homelife Show Poland); Brasil, na América Latina (Feira Internacional de Eletrônicos da América Latina e Eletrolar Show); e Indonésia, na ASEAN (The Premiere Indonesia International Consumer Electronics Exhibition), para demonstrar a excelência dos eletrodomésticos de Hong Kong para os novos mercados.

## Project Introduction

Hong Kong electrical appliance manufacturers has long been playing a significant role in OEM and ODM in the worldwide market. We manufacture products for renowned brands of US, Europe and Japan. We are also the ODM partners of some global brands.

To extend the reach of Hong Kong electrical appliance in the new emerging markets, HKEAIA successfully applied for the SME development fund from HKSAR. Project aims at promoting the brands of Hong Kong electrical appliance SME manufacturers and exploring new business opportunities, HKEAIA unite the manufacturers to express the collective image of smart design, high technology and high quality of Hong Kong brands of electrical appliance to the markets.

Under the project, HKEAIA organise an exhibition tour to three major emerging countries including Poland in Central East Europe (China Homelife Show Poland), Brazil in Latin America (Latin American Electronics International Trade Show & Eletrolar Show) and Indonesia in ASEAN region (The Premiere Indonesia International Consumer Electronics Exhibition) to demonstrate the excellence of Hong Kong electrical appliance to the new markets.

Patrick Chan

Presidente da HKEAIA  
President of HKEAIA

A Associação das Indústrias de Eletrodomésticos de Hong Kong (anteriormente conhecida como Associação dos Fabricantes de Aparelhos Elétricos de Hong Kong) foi estabelecida em 1998 como uma organização sem fins lucrativos. Nos últimos anos, a HKEAIA desempenhou um papel proativo na promoção e atualização do desenvolvimento da indústria.

Nosso objetivo é estabelecer uma plataforma de comunicação e ligação com diferentes partes, para servir aos interesses da indústria de eletrodomésticos de Hong Kong. Também nos esforçamos para melhorar sua competitividade no mercado internacional. Com o apoio do governo, de organizações industriais e comerciais, bem como de parceiros industriais, dedicamo-nos a melhorar os níveis de engenharia, de técnicas, de gestão e de marketing, com a finalidade de melhorar a reputação e a imagem da indústria de eletrodomésticos de Hong Kong.

Em 2018, a HKEAIA utilizou o financiamento do SME Development Fund para lançar uma turnê de exibição, juntamente com eventos de *networking*, para ajudar os fabricantes de eletrodomésticos de Hong Kong a explorarem os mercados emergentes. Eu gostaria de expressar minha sincera gratidão a todas as nossas organizações de apoio e marcas participantes neste projeto. Reunimos um grupo impressionante para representar a imagem da indústria de eletrodomésticos de Hong Kong. Vamos nos dar as mãos para promover marcas de eletrodomésticos de Hong Kong para os mercados emergentes, para o desenvolvimento de novas oportunidades de mercado.

Hong Kong Electrical Appliance Industries Association (formerly known as Hong Kong Electrical Appliances Manufacturers Association) was established in 1998 as a non-profit-making organisation. Over the past years, HKEAIA has played a proactive role in promoting and upgrading the development of industry.

We aim at establishing liaison and communication platform with different parties to serve the interest of Hong Kong electrical appliance industry. We also put lots of effort on enhance its competitiveness in the international market. With the support from the government, industrial and commercial organisations as well as industrial partners, we are devoted to upgrade Hong Kong electrical appliance industry' levels of engineering, technical, management and marketing skills in order to enhance the reputation and image of Hong Kong electrical appliance industry.

In 2018, HKEAIA applied the funding from SME Development Fund to launch an exhibition tour, together with networking events, to assist Hong Kong electrical appliance manufacturers to explore emerging markets. I would like to express my heartfelt gratitude to all of our supporting organisations and participating brands in this project. We have brought together an impressive group to represent the image of Hong Kong electrical appliance industry. Let's join hands to promote brands of Hong Kong electrical appliance to the emerging markets for the further development of new market opportunities.

Ken Fung

Vice-Presidente Permanente da HKEAIA  
Standing Vice-President of HKEAIA

Os fabricantes de eletrodomésticos de Hong Kong têm desempenhado um papel significativo no mercado mundial. As exportações de eletrodomésticos de Hong Kong alcançaram 123,09 bilhões de dólares em 2018 — um reconhecimento notável do design e da qualidade dos eletrodomésticos de Hong Kong no mercado mundial.

Com o apoio financeiro do SME Development Fund, do Departamento de Comércio e Indústria do governo da HKSAR, a HKEAIA colabora com a HKPC para organizar visitas a diferentes mercados emergentes, incluindo Polônia, Brasil e Indonésia. As PMEs de manufatura de eletrodomésticos de Hong Kong estão se unindo à turnê para exibir seus designs inteligentes, alta tecnologia e produtos de alta qualidade. Queremos alcançar os compradores nas regiões e explorar as oportunidades de mercado.

A HKEAIA montou um “Supreme Home Appliances. Hong Kong” na Feira Internacional de Eletrônicos da América Latina e Eletrolar Show, de 29 de julho a 1º de agosto. Convidamos os compradores da Feira e do Brasil a virem ao nosso estande para nos conhecer e ver os produtos que exibimos.

Hong Kong electrical appliances manufacturers has long been playing a significant role in the worldwide market. The export amount of Household Electrical Appliances recorded 123.09 billion Hong Kong dollars in 2018 which was a remarkable recognition of the design and quality of Hong Kong electrical appliance in worldwide market.

With the funding support from SME Development Fund under Trade and Industry Department of the government of HKSAR, HKEAIA collaborates with HKPC to organise an exhibition tour to different emerging markets including Poland, Brazil and Indonesia. Hong Kong electrical appliance manufacturing SMEs are joining the tour to display their smart design, high technology and high quality products. We wish to reach out to the buyers in the regions and explore the market opportunities.

HKEAIA sets up an “Supreme Home Appliances. Hong Kong” in Latin American Electronics International Trade Show & Eletrolar Show 2019 from 29 July - 1 Aug. We welcome buyers in the show and in Brazil to come to our booth to meet us and see the products we showcase to you.

# Visão Geral da Indústria de Manufatura de Eletrodomésticos de Hong Kong

## Overview of Hong Kong's Electrical Appliance Manufacturing Industry

### Exportações de Eletrodomésticos

#### Export of Electrical Appliance

Hong Kong tem desempenhado um papel essencial na fabricação e exportação global de eletrodomésticos. Para se ter uma noção de sua escala dentro do setor, só em 2014, foi o segundo maior exportador mundial de aparelhos para cuidados com os cabelos. Com base em dados de 2016 (janeiro a junho), fornecidos pelo Conselho de Desenvolvimento do Comércio de Hong Kong (HKTDC), os EUA continuam sendo o maior destino de exportação, com 30% de participação de mercado, seguidos pela UE, Japão e China continental, com 22%, 15% e 9%, respectivamente. Em termos de categorias de exportação de eletrodomésticos, os produtos de iluminação doméstica atingiram 32%; aparelhos domésticos térmicos, 12%; aparelhos para penteados ou secadores de mãos, 6%; e aparelhos de ar-condicionado, 4%.

Hong Kong has long been playing an essential role in global manufacturing and export of electrical appliance. To get a grasp of its scale within the industry, in 2014 alone it was the world's second largest hair dressing apparatus exporter. Based on a data in 2016 (Jan – Jun) provided by Hong Kong Trade Development Council (HKTDC), US remains the largest export destination at 30% market share, followed closely behind by EU, Japan and Mainland China at 22%, 15% and 9% respectively. In terms of electrical appliances export categories, household lighting products topped the market share at 32%, thermic domestic appliances at 12%, hair dressing or hand drying apparatus at 6% and air conditioning machines at 4%.

### Informações do Setor

#### Industry Insights

Com a vantagem geográfica, os fabricantes de eletrodomésticos em Hong Kong mudaram suas instalações de produção para a China continental, para ampliar a eficiência dos custos de produção. A maioria dos fabricantes de Hong Kong ainda mantém instalações de pesquisa e desenvolvimento, design e desenvolvimento de produtos, controle de qualidade, gerenciamento, marketing e suporte logístico em Hong Kong, para garantir que qualquer tipo de projeto de fabricação esteja sempre alinhado com as expectativas de qualidade dos clientes em todo o mundo.

Original Equipment Manufacturing (OEM) continua a ser a principal função de negócios dos fabricantes de eletrodomésticos de Hong Kong, embora algumas empresas em Hong Kong também forneçam o Original Design Manufacturing (ODM). Com o ODM, é fornecido um serviço de desenvolvimento de produtos em grande escala, apoiado por equipes de profissionais que podem utilizar seus conhecimentos nas áreas de design e desenvolvimento de produtos, desenho mecânico, amostragem e prototipagem, fabricação de ferramentas e produção, pesquisa de mercado, fornecimento de matérias-primas e até mesmo de marketing de produtos.

Além do OEM e do ODM, as empresas de manufatura de Hong Kong vendem marcas produzidas internamente diretamente a importadores e comerciantes, que distribuem esses produtos por meio de seus canais de distribuição ou atuam como revendedores para seus clientes.

With the geographical advantage, Electrical manufacturers in Hong Kong have shifted their production facilities to mainland China to keep up with efficiency of production cost. For most Hong Kong manufacturers, they still maintain Research and development facilities, product design and development, quality control, management, marketing and logistic support in Hong Kong to ensure that any kinds of manufacturing projects will always be in line with that of the quality expectations of our customers worldwide.

Original Equipment Manufacturing (OEM) remains the core business function of Hong Kong electrical appliance manufacturers, though a handful of companies in Hong Kong provides Original Design Manufacturing (ODM) as well. With ODM, a full-scale product development service is provided; backed by a team of professionals that can provide their expertise in the area of product design and development, mechanical drawing, sampling and prototyping, tool-making and production, market research, raw materials sourcing and even marketing of products.

Besides OEM and ODM, Hong Kong's manufacturing companies do sell in-house produced brands directly to importers and traders who distribute those products through their distribution channels or acting as a reseller to their clients.

## Tendências de produtos Product Trends

Os fabricantes da indústria de eletrodomésticos de Hong Kong exportam uma grande variedade de eletrodomésticos: utensílios de cozinha, de cuidados pessoais, de iluminação doméstica e muitos outros.

Produtos com uma única função continuam sendo os mais procurados nos mercados ocidentais, como cafeteiras e torradeiras ou cortadores de alimentos e liquidificadores. A maioria desses produtos sofreu um toque mínimo de atualização inovadora, como displays LCD/LED ou sistemas de controle. Alguns até tornaram-se *wireless*, em favor do design moderno e minimalista, como os aspiradores sem fio, os ferros de passar sem fio ou os carregadores sem fio para baterias — todos eles sob o domínio da *expertise* dos fabricantes de eletrodomésticos de Hong Kong.

A consciência ambiental tem sido o tema principal nos últimos anos, e isto influenciou muito a consciência do consumidor e a escolha de produtos. A demanda de eletrodomésticos que atendam às regras e regulamentações da América do Norte e da Europa aumentou acentuadamente, o que confere uma vantagem competitiva ao *pool* de fabricantes de eletrodomésticos de Hong Kong, que possui as instalações necessárias para produzir tais produtos. Um produto em particular, que depende da onda de demanda de consumidores preocupada com o meio ambiente, seria as luzes LED, que não só podem reduzir a taxa de consumo de energia, mas também manter o nível de brilho e de vida útil.

Hong Kong's Electrical Appliance industry manufacturers exports wide varieties of electrical appliance ranging from Home Care, Kitchen, Personal Care, Household Lighting and many more.

It has always been the case that simplistic product design with a single function remains the most sought-after product type in western markets, such as coffee makers and toasters or food choppers and blenders. Most of these products have undergone a minimal touch of innovative upgrade that comes with LCD/LED status display or control system. Some even have gone wireless in favour of the trendy minimalistic design, like the cordless vacuums, wireless irons or wireless charging ports for batteries – all of which are under the field of expertise of Hong Kong's electrical appliance manufacturers.

Environmental awareness has been the topic of the day in recent years, and this has greatly influenced the consumer's conscience and choice of products. The demand of electrical appliance that comply with the rules and regulation of North America and Europe increased steeply, which gives a competitive advantage to Hong Kong's pool of electrical manufacturers that has the required facilities to produce such goods. One particular product that rides on the wave of demand by environmentally concerned consumers would be LED lightings that not only can reduce the power consumption rate but also maintain the level of brightness and usable lifespan.

O Smart Home é outra tendência de inovação, que resultará em vários eletrodomésticos continuamente redesenhados e reinventados. Mais e mais produtos se tornarão “inteligentes” e poderão ser controlados centralmente com um telefone celular, armazenando dados que podem reduzir o consumo de energia, o desperdício de recursos e melhorar drasticamente o conforto da vida humana em todos os aspectos. Tendências como estas são o futuro dos mercados de consumo. Assim, os fabricantes de eletrodomésticos de Hong Kong estão muito bem preparados não apenas em termos de linhas de produção, mas também em relação a grupos de indivíduos altamente capacitados na área de programação, inteligência artificial e automação de produtos de alta tecnologia.

Smart Home is another trending innovation that will see various electrical appliance being continuously redesigned and reinvented. More and more products will become “intelligent” and can be centrally controlled with a mobile phone, storing insightful data that can reduce energy consumption, wastage of resources and drastically improve the comforts of human life in all aspects. Trends as such are the future of consumer markets; thus Hong Kong's manufacturers of electrical appliance are very well prepared not only in terms of production lines but as well as a pool of highly capable individuals in the area of programming, artificial intelligence and automation of high-tech products.

## Garantia de Qualidade e Conformidade Regulatória Quality Assurance and Regulatory Compliance

Por décadas, as empresas de manufatura de Hong Kong uniram-se a renomadas marcas de todo o mundo para fabricar e fornecer produtos de marca para o mercado mundial. Isto levou a indústria a se transformar e a ganhar uma vasta experiência em manufatura, não apenas pela perspectiva do controle de custos, mas também do controle de qualidade ao longo da cadeia de fabricação.

A maioria das fábricas pertencentes e gerenciadas pelos fabricantes de Hong Kong cumpre com a maioria, se não com todos os padrões internacionalmente reconhecidos de gestão da qualidade e sistemas de produção, chamados ISO 9000, ou o padrão para o sistema de gestão ambiental, ISO 14000.

Além disso, as empresas de manufatura de Hong Kong estão em conformidade com várias regulamentações relevantes no mercado externo, como a listagem UL/ETL nos EUA, a Diretiva sobre Resíduos de Equipamentos Elétricos e Eletrônicos (WEEE) e a Restrição de Substâncias Perigosas (RoHS) na UE.

Tendo passado pelas flutuações dos ciclos econômicos e pelas demandas sempre em mudança dos consumidores, os fabricantes estão bem equipados com experiências no fornecimento de soluções de ponta a ponta (OEM e ODM), lidando com as regulamentações para fabricar produtos compatíveis com as normas de qualidade e os gostos dos consumidores, adaptando-se ao mercado.

For decades, Hong Kong's manufacturing companies have partnered up with renowned brands from all over the world to manufacture and supply branded products to the worldwide market. This has led the industry to transformed and gained a vast amount of experience and manufacturing expertise not only in the perspective of cost control but also quality control along the manufacturing chain.

Most production plants owned and managed by Hong Kong's manufacturer comply with most if not all internationally recognized standards of quality management and production system called ISO 9000 or the standard for environmental management system ISO 14000.

On top of that, Hong Kong's manufacturing companies are also compliant with various relevant authorities located in the overseas market. Such as the UL/ETL listing in US, Directive on Waste Electrical and Electronic Equipment (WEEE) and Restriction of Hazardous Substances (RoHS) in the EU.

Having been through the peak and trough of economic cycle and the ever changing demands of consumers, the manufacturers are well equipped with experiences in providing a top to bottom (OEM & ODM) solutions, dealing with regulation to manufacture quality and regulatory compliant products and forecasting consumer's taste to adapt to the market.

## Secador de cabelo profissional com sensor de toque

### Touch Sensor AC Professional Hair Dryer

- A tecnologia de sensor de toque permite que o secador ligue e desligue automaticamente quando tocado com uma das mãos durante a sua operação.
- A tecnologia de íons ajuda a criar facilmente uma aparência elegante e brilhante.
- O botão Cool Shot proporciona uma intensa explosão de ar frio. Use-o para terminar e definir o estilo.
- Define e controla facilmente as 3 configurações de calor e 2 velocidades para criar o estilo perfeito.
- Possui uma tampa de segurança removível para facilitar a limpeza.
- Um bocal profissional fino e um difusor de volume são fornecidos para realizar vários penteados.

- Touch sensor technology that allows the hair dryer to switch on and off automatically when touched while on one-handed operation.
- Ion technology helps to easily create a sleek and shiny look.
- The Cool Shot button provides an intense burst of cool air. Use it after styling to finish and set the style.
- Easily set and control the 3 heat and 2 speed settings to create the perfect style.
- With a removable safety end cap for easy cleaning
- A slim professional nozzle and volume diffuser are supplied for various hairstyles.

## Alisador e Ondulador LCD

### Straight & Curl LCD straightener

- Tensão de 100-240 V.
- Elemento de aquecimento PTC para um estilo mais seguro e rápido.
- Com design de temperatura ajustável (130-230° C) e display LCD, fácil de operar e conveniente para atender diferentes necessidades.
- Alta temperatura de 230° C para obter resultados perfeitos em salões profissionais.
- Placas de aquecimento com revestimento de cerâmica de proteção para melhor cuidado com os cabelos.
- Tempo de aquecimento rápido. Pronto para uso em 30 segundos.
- Desligamento automático após 60 minutos.

- Worldwide voltage of 100-240V
- PTC heating element for safer and faster styling
- With adjustable temperature design(130-230°C) & LCD display, easy to operate and convenient for meeting different needs.
- 230°C professional high heat for perfect salon results
- Protective ceramic coating heating plates for better care of hair
- Fast heat up time, ready to use in 30 seconds
- Automatic shut-off after 60 min

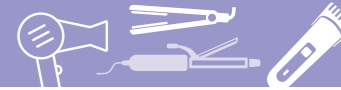

## Pinça Onduladora Digital LCD

### LCD Digital Curling Tong

- Tensão de 100-240V.
- Esta pinça com revestimento cerâmico produz resultados suaves, sedosos e brilhantes.
- Com ponta fria, suporte de metal com tubo de borracha antiderrapante.
- Aquecimento imediato com distribuição de calor.
- Com temperatura ajustável (120-200 ° C) e mostrador de LCD digital, fácil de operar.
- Pronto para enrolar com o recurso de seleção de temporizador de 2 seg. a 12 seg.
- Recurso de bloqueio de teclas de temperatura.
- Recurso de desligamento automático.

- Worldwide voltage of 100-240V
- Ceramic coating tong creates smooth, silky and shiny results.
- With Cool tip, metal support stand with anti-slip rubber tube
- Immediate heat up with even heat distribution
- With adjustable temperature design(120-200°C) & LCD digital temperature display, easy to operate and convenient for meeting different needs
- Ready to curl feature from 2s to 12s timer selection
- Temperature key lock feature
- Automatic shut-off feature

## Removedor de Calos Callus Remover

- Tira suave e efetivamente, em segundos, a pele morta, calejada, dura e seca.
  - Dois rolos diferentes, grossos e extra grossos, para personalizar os seus resultados.
  - Funciona com 2 pilhas alcalinas (AA).
- 
- Gently and effectively buffs away dead, calloused, hard and dry skin in seconds.
  - 2 different rollers-coarse and extra coarse to customize your results.
  - Battery operated (2xAA Alkaline batteries)

## Escova Facial 3x1 3 in 1 Facial Brush

- Você pode usar o seu novo pincel elétrico de limpeza facial para limpar suavemente o rosto e outras partes do seu corpo todos os dias.
  - Partículas de sujeira, resíduos e pele seca e morta serão removidos com eficácia.
  - Funciona com 2 pilhas alcalinas (AAA).
  - Com cabeça de escova macia, cabeça de silicone e esponjas de maquiagem.
- 
- You can use your new electric facial cleaning brush to gently and thoroughly clean your face and other parts of your body each day.
  - Dirt particles, residues and dry, dead skin will be removed effectively.
  - Battery operated (2xAAA Alkaline batteries)
  - With soft brush head, Silicone head and make up sponges.

## Polidor de Unhas Nail Polisher

- O novo polidor de unhas a pilha é um auxiliar muito prático para cuidar dos dedos e unhas dos seus pés.
  - Ao dar brilho e polimento, as unhas ficam brilhantes e bem cuidadas em segundos.
  - Funciona com 2 pilhas alcalinas (AAA).
- 
- Your new battery-operated nail polisher is a practical helper when it comes to caring for your finger and toenails.
  - For shining, well-tended nails in seconds.
  - Battery operated (2xAAA Alkaline batteries)
  - With shine and buff rollers

## Alisador Digital de Cabelos Digital Hair Straightener

Alisador nanocerâmico digital profissional, com todos estes recursos:

- Placas flutuantes de galvanoplastia de cerâmica / turmalina / ouro flutuante permitem que o cabelo passe suavemente.
- Alça de dedo antideslizante, para um manuseio seguro e fácil.
- Os aquecedores cerâmicos MCH fornecem calor rápido e constante na superfície da placa.
- Cabo com giro de 360 graus para máxima conveniência.
- Ajuste digital preciso, perfeito para qualquer tipo de cabelo.
- Chave liga/desliga e controle de temperatura interno para um ajuste seguro e preciso.

Professional Digital Nano-ceramic Straighteners. It contains following features:

- Floating ceramic / tourmaline / gold electroplating plates let hair to pass through smoothly;
- Non-slip, stay-cool finger grip for safe and easy handling;
- MCH ceramic heaters provide fast, constant heat over the plate surface;
- 360 degree swivel cord for maximum styling convenience;
- Precise digital adjustment, perfect for any hair types;
- On/Off switch and temperature control inside housing for safe and accurate adjustment.

## Ferro digital de ondulação de cabelos Digital Hair Curling Iron

Série profissional de ferros digitais de ondulação, com estes recursos:

- Giro da ponta fria para controle de estilo rápido e seguro.
- 5 configurações de aquecimento até 210° C, com ajuste preciso de temperatura digital, perfeitas para qualquer tipo de cabelo.
- Barra extra longa banhada a ouro 24 K (opcional), em design compacto, para flexibilidade de estilo.
- Operação com um botão único para ligar/ esligar e configurar a temperatura.

Professional Digital Curling Iron Series. It contains following features:

- Rotating cool tip for fast, safe styling control;
- 5 heat settings up to 210 °C with precise digital temperature adjustment, perfect for any hair-types;
- 24K Gold-plated extra long (as option) barrel in compact design for styling flexibility;
- Single button operation for power On/Off and temperature settings

## Ferro de Escovar Cabelos Hair Brush Iron

Ferros profissionais de escovar cabelos, com estes recursos:

- Display de temperatura LCD com botões de controle de precisão.
- Ionizador.
- Indicador luminoso LED com 3 configurações de temperatura.
- Cabo giratório para conveniência de estilo.
- O design de pente de escova sem emaranhados oferece resultados superiores de alisamento.

Professional Straightening Brush Irons. It contains following features:

- LCD temperature display with precision control buttons;
- Ionizer;
- LED indicator light with 3 temperature settings;
- Swivel cord for easy styling convenience;
- Tangle-free brush comb design delivers superior straightening results.

### Seria: FL LED Outdoor FL LED Outdoor series

Asérie FL LED Outdoor proporciona uma economia de energia significativa. É a solução ideal para diversas aplicações de holofotes como, por exemplo, iluminação outdoor, iluminação arquitetônica e iluminação de áreas de estacionamento, etc. A série FL LED Outdoor está disponível em diferentes temperaturas de cor, proporcionando iluminação de efeito, de alta qualidade e confiabilidade, sendo a substituta perfeita para o holofote convencional.

FL LED Outdoor series can deliver significant energy savings, is an ideal solution for diverse floodlighting applications, for example, billboard lighting, architectural lighting and parking area lighting etc. FL LED Outdoor series is available in different color temperature, providing high quality and reliability lighting effect, which is the perfect replacement for the conventional floodlight.

### Série de Lâmpadas de Teto LED FL FL LED Ceiling series

A série de lâmpadas de teto LED FL cabe perfeitamente em todos os seus espaços gerais. É fácil de instalar e proporciona um brilho suave e uniforme. Está disponível em diferentes tamanhos, potências e temperaturas de cor.

FL LED Ceiling series fits perfectly in all your general spaces. It is easy to install and provides a soft uniformed glow. FL LED Ceiling series is available in different sizes, wattage and color temperature.

### Série de lâmpadas Bulbo LED FL FL LED Bulb series

As lâmpadas bulbo LED FL vêm em uma ampla variedade de potências, de temperaturas de cor e de tamanhos. Estas lâmpadas consomem até 80% menos energia que as lâmpadas convencionais, proporcionam uma qualidade consistente de luz ao longo do tempo e têm longa duração. São as substitutas perfeitas para as lâmpadas tradicionais.

FL LED Bulb series comes in a wide variety of wattage, color temperature and sizes. The bulbs use up to 80% less energy than conventional bulbs and provide a consistent quality of light over time and are long lasting, which are the perfect replacement for the traditional bulbs.

### Ventilador de Teto sem Pás Anemói FL FL Anemói Bladeless LED Ceiling Fan

O ventilador de teto sem pás Anemói FL, com a sua forma de favo de mel e design avançado, pode aumentar a circulação de ar ao girar seu prato, e oferece uma deliciosa brisa em todo o lugar. O brilho da luz ou cores (amarelo, bege e branco) pode ser facilmente ajustado por um controle remoto sem fio, ajudando a criar ambientes para várias ocasiões.

Anemói with its honeycomb-like shape and bladeless design, the FL Anemói bladeless LED ceiling fan can increase air convection through spinning its plate, and delivers breeze within the whole room. Anemói is radio-controlled, the light's brightness or colors (yellow, beige and white) can be simply adjusted through a wireless remote control, helping to create ambiances for various occasions.

### Série de Lâmpadas Bulbo de Filamento LED FL

#### FL LED Filament Bulb series

As lâmpadas bulbo de filamento LED FL A apresentam um design atraente e forma de bulbo clássico, criando uma atmosfera nostálgica perfeita para todos os espaços. Com a sua tecnologia de eficiência energética, pode poupar até 90% de energia e tem uma vida útil de 15.000 horas.

FL LED Filament Bulb series features an eye-catching filament in heritage design and classic bulb shape, creating perfect nostalgic atmosphere for all spaces. With its energy-efficient technology, FL LED Filament Bulb series can save up to 90% of energy, and it has 15,000 hours lifetime.

### Série de Iluminação Comercial LED FL FL LED Commercial Lighting series

A série de iluminação comercial LED FL oferece uma grande variedade de dispositivos de iluminação LED. Lâmpadas spot, lâmpadas track, etc., oferecendo soluções de iluminação altamente econômicas para todos os ambientes empresariais.

FL LED Commercial Lighting series provides a wide variety of LED lighting fixtures, e.g. Spot lamps, Track lamps etc., offering highly cost-energy-effective lighting solutions for all business clients.

## Grade de Churrasco Coreano Infravermelho 3D KQB-315 3D Infrared Korean Barbecue Grill KQB-315

- Frigideira rotativa automática de 360°.
- Braço oscilante de aquecimento de grande angular: 120°.
- O sistema inversor de aquecimento permite cozinhar a baixa temperatura.
- Aquecimento eficiente de três vias.
- Grelha antiaderente de Teflon.
- As ranhuras de "Sun-Ray" inclinadas enviam o excesso de gordura para o reservatório de óleo.
- CONTENT

- Automatic 360° rotational grill pan
- 120° wide-angle heating swing arm
- Heating inverter system enables low temperature cooking
- Three-way efficient heating
- Non-stick Teflon grill pan
- 'Sun-Ray' ridges guide away excess fat along a gentle slope into the oil reservoir

## SOUS VIDE PRO Conjunto Circulador de Cozimento Lento Deluxe (Controle Wi-Fi) SVC-313W SOUS VIDE PRO Slow Cook Circulator Deluxe Set (Wi-fi Control) SVC-313W

- Cozinhe com perfeição, em qualquer lugar e a qualquer momento, com este aplicativo.
- Receitas selecionadas pelo chef para serem recriadas por você.
- Slow Cook Circulator, Vacuum Sealer e livro de receitas na caixa.
- Recomendado pelo Disciples Escoffier International Asia.
- Controle de temperatura e tempo perfeitamente precisos.
- Controle até 0,5° C dentro da faixa de 0 a 95° C.
- A inovadora tecnologia Circle Wave Technology produz uma poderosa circulação de água de 360°, que distribui uniformemente a energia térmica, resultando em um efeito de aquecimento 3D.

- Cook to perfection anywhere anytime with an app
- Chef-picked recipes to be recreated by you
- Slow Cook Circulator, Vacuum Sealer, and cookbook in box set
- Recommended by Disciples Escoffier International Asia
- Perfectly precise temperature and time control
- Control down to 0.5°C within range of 0 to 95°C
- The innovative Circle Wave Technology produces a powerful 360° water circulation that evenly distributes heat energy, resulting in a 3D heating effect

## Panela de cozinha de halogênio CKY-888 Auto-Spin Halogen Cooking Pot CKY-888

- Recipiente de vidro premium, de fabricação francesa.
- Design tudo-em-um com várias funções de um toque.
- Novo controle digital de tempo e temperatura.
- Cabo de força destacável, para maior mobilidade.
- Dispositivos à prova de choque e de transporte.
- Aquecimento eficiente de halogênio de 3 vias.
- Sem chama, sem fumaça, sem óleo.

- Premium French-Made Glass Container
- All-In-One design with multiple one-touch functions
- New digital time and temperature control
- Detachable power cord for improved mobility
- Shock-proof & anti-tipover devices
- Efficient 3-Way Halogen Heating
- Flameless, Fumeless, Oil-Free

## Aspirador a Vácuo Wireless Doméstico Hoover REACT™

### Hoover REACT™ Whole Home Cordless Vacuum

O aspirador sem fio para casa REACT™ da Hoover combina a potência de sucção com tecnologias de limpeza inteligentes para oferecer a melhor limpeza possível. A tecnologia FloorSense™ detecta automaticamente a mudança no tipo de piso para otimizar a limpeza. O novo WindTunnel Surge™ tem um design leve para ajudar a capturar o pó não apenas no chão, mas também do alto. Sua bateria de lítio removível tem capacidade de limpar mais tempo (compre uma segunda bateria para dobrar o tempo de execução!). A conectividade com o Hoover Home App permite que os usuários personalizem a limpeza. Por mais de 100 anos, a Hoover revolucionou a limpeza, oferecendo uma linha completa de soluções confiáveis, inovadoras e eficazes.

Hoover REACT™ Whole Home Cordless Vacuum combines the power and suction you trust, with intelligent cleaning technologies to deliver the ultimate clean. FloorSense™ Technology instinctively detects a change in floor type to optimize cleaning. The new WindTunnel Surge™ is paired with a lightweight design to help you tackle deep down embedded dirt and dust, not only on the floor but also up high. Removable lithium battery delivers the power to clean more + Purchase a second battery to get 2X the run time! Connectivity with the Hoover Home App allows users to customize their cleaning experience and maintain their Hoover REACT™ Cordless vacuum. For over 100 years, Hoover has reimagined the way we clean, delivering a complete collection of trusted, innovative and effective solutions.

### Aspirador manual Y8270 Hand vacuum cleaner Y8270 series

O projeto deste aspirador manual foi baseado no hábito dos consumidores. Todos os acessórios são armazenados na parte de trás do aspirador. Pode ser tirado e selecionado em "comprimento do braço". Também reduz a chance de perda. Mais de 2 milhões de unidades já foram produzidas em dois anos.

- Hand vacuum cleaner design based on consumer habit
- All accessories stored at the back of vc
- Can be taken and selected in 'arm length'
- Also reduce the chance of losing
- More than 2 million pcs are produced in two years

### Aspirador de mão com escova patenteada Y9010 Hand stick vacuum cleaner with patented brush Y9010 series

A escova patenteada permite que grandes partículas sejam aspiradas sugadas prioritariamente para o tanque do fundo da escova, mas ainda mantendo um forte fluxo de ar para sugar pequenas partículas simultaneamente, o que aumenta o volume de sucção de poeira de forma eficaz.

The patented brush allows large particles to be sucked into the brush bottom tank in priority but still keep strong airflow to suck small particles up simultaneously, which increase dust sucking volume efficiently and effectively.

### Aspirador de mão multifunções Y8273 Multifunction hand vacuum cleaner Y8273

O identificador magnético patenteado vem equipado possui uma mangueira de limpeza de extensão longa para limpeza de lugares difíceis de alcançar com as mãos ou com o aspirador de tubo. Seu design leve permite fácil transporte.

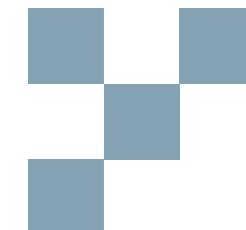

The patented Magnetic Handle comes equipped with long extension cleaning hose for High Profile Cleaning / Hard to reach area Cleaning (Normal Hand or Stick Vacuum cannot handle properly). Light weight design for easy carriage especially for ladies.

### Aspirador de Mão com Escova e LED Y8297 Y8297 LED Power Brush Hand Vacuum

Escova com função LED que facilita a limpeza em locais escuros de forma eficaz e eficiente. Se for substituído pela escova de tecido patenteada, os tecidos podem ser limpos de forma eficaz, sem danificá-los.

Powerbrush with LED function facilitates cleaning in dark places effectively and efficiently. If replaced with patented fabric brush, fabric materials can be cleaned effectively with no worries of fabric damage.

## Limpador de Cama Bedding Cleaner Bedding Cleaner

O pó da casa pode conter muitas substâncias, como poeira, pólen, ácaros, pelos de animais e fumaça, etc. Respirá-los pode levar a uma reação alérgica, o que, por sua vez, pode levar as pessoas a doenças. O limpador de cama Bedding Cleaner é uma das melhores soluções para se livrar sua cama e travesseiros destas substâncias.

House dust may contains many substances such as: dust, pollen, mites, pet hair & smoke; to name a few. Breathing in many of these can lead to an allergic reaction; which in turn may cause people to wheeze, cough, incur tightness of breathe and itchiness. Bedding Cleaner is one of the best solutions to get rid of these substances from your bedding and pillows.

## Aspirador Recarregável Seco e Molhado Wet & Dry Rechargeable Vacuum Cleaner

- Sucção poderosa.
- Aspirador recarregável para operação sem fio.
- Filtro lavável e substituível.
- Suporte de carregamento com recurso de montagem na parede.

- Powerful suction
- Rechargeable Vacuum Cleaner for cordless operation
- Washable & replaceable filter

C & C Joint Printing Co., (H.K.) Ltd. is a well-established and reputable large-scale international printing group in Hong Kong. It can provide customers with "comprehensive printing solutions". In addition to professional printing for books and commercial items (including: albums, children's books, educational books, leisure books, novels, magazine journals, catalogues and brochures, direct mail, yellow pages, stationery sets, special bindings, etc.), we also provide security printing (e.g. anti-counterfeit labels, travel documents, printing for accounting and financial purposes, and etc.) We also provide packaging printing (eg. boxes, color boxes, product brochures, labels, bags, etc.) and RFID smart label solutions (antenna design and packaging RFID tags) to meet the full range of customer needs.

📦 Mobicon Group Limited was established in 1983. We distribute and trade electronic components, equipment,  
automation, computer and computer accessories to local manufacturers and overseas customers. In 2001, Mobicon went public on  
the Main Board of the Stock Exchange of Hong Kong Limited, with stock code 1213. Today, Mobicon's business reaches globally.  
In 2012, Mobicon further expanded the business in cosmetic industry. Online shop and retail shops of Korean skin care and cosmetic  
products ([www.wahh.com.hk](http://www.wahh.com.hk)) have been set up. In order to further expand the international business operation, apart from the  
headquarter in Hong Kong, Mobicon has continuously set up its branches including Beijing, Shanghai, Shenzhen, Taiwan, Thailand,  
Philippine, Singapore, Malaysia and South Africa. We aim at sourcing the worldwide best products and offer to the whole customers.
